**"15 years ago I weighed 170 lbs. I wasn't healthy for 5' 2". I was deeply depressed. As a Christian I knew my Father and Savior, but I had no joy as a result of abuse, guilt and shame from my past. Then God took me on a journey that changed everything!**

**"The key to your health and freedom is the restoration of your soul. This seminar will take you on that journey.**

**"The fact is 7 out of 10 women have been abused in some way. But God's Word promises that you don't have to live with it... you can be free! Please take a day & a half and let this powerful information transform your life!"**
